

# Chains and spare parts for rail ballast cleaning & tamping machines

[www.ramteck.eu](http://www.ramteck.eu)

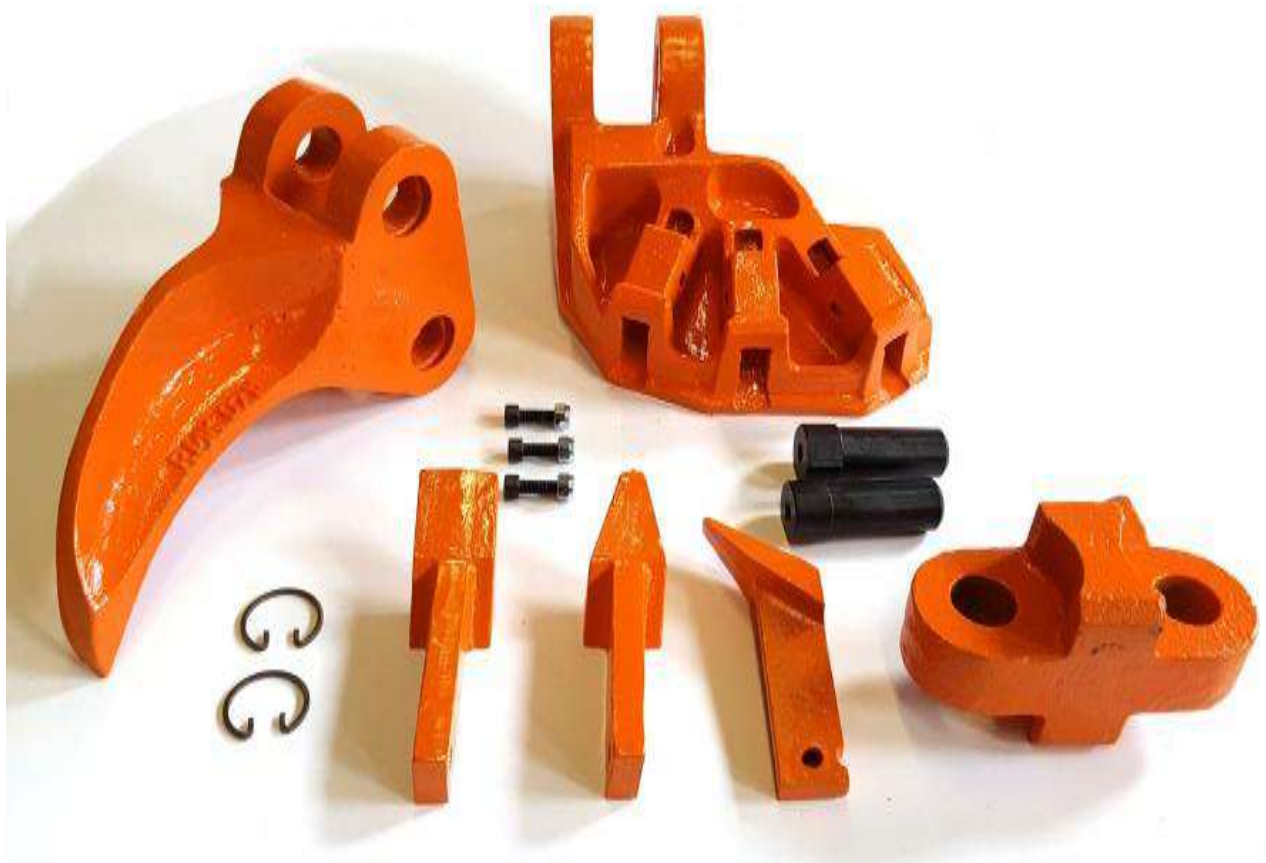

ramteck

## Who we are

Ramteck, is the Ramark brand . Since 1988 we are a qualified supplier of both raw and finished components manufactured with the latest technologies, including heat and surface treatments. Hot and cold forgings, castings and machining expertise for several industrial sectors: automotive, rail, construction vehicles, farming vehicles. We meet all the technical requirements specified on your drawings and 3D models. We can also measure your samples in order to get all the measurements and profiles we need to manufacture a prototype to be submitted to you for validation. The perfect partner to satisfy your production needs.

We are a qualified supplier of aftermarket non-original rail ballast cleaning and tamping spare parts, such as chains and wear parts for Matisa and Plasser machines.
